

ST45 - BizTex Microporous Boot Cover

Type PB[6] (200 Pairs)

Collection: Biztex Micro

Range: BizTex™

Shell Fabric: BizTex Micro

Inner Pack: 25

Outer Carton: 200

Product information

Elastic to the top of the cover allows for a safe barrier around the boot. These protective covers are designed for use in all work environments where footwear or floors need protection. This fabric conforms to EN14126-Biological Protection and EN1149-1 Anti-Static Protection.

Biztex Micro

Portwest BizTex™ Micro fabric is a polypropylene substrate to which a laminated microporous polyethylene layer is applied (PP/PE). The outer layer of the fabric prevents the passage of liquid molecules inwards, yet permits the vapour molecules that build up inside to permeate.

BizTex™

All protective garments under the heading of PPE (Personal Protective Equipment) are controlled in Europe under PPE Regulation EU 2016/425. Portwest has an extensive range of clothing that complies with Category 3 of this regulation.

Standards

EN 13034 Type PB [6]
EN 1149 -5

Features
